

# Universal Design for Learning DIY Template

- 
- A diagram of a mushroom. At the top, two whole mushrooms are shown: one on the left and one on the right. The mushroom on the right is cut horizontally to show its internal structure. Below this, a larger, detailed cross-section of a mushroom is shown. It consists of a dark, rounded cap with a small stem in the center. A dashed vertical line extends from the stem down to a circular base. The base is divided into two main sections: a white, textured interior and a black, textured exterior. The white section has horizontal lines, and the black section has diagonal lines. A dashed vertical line also extends from the bottom of the black section.

Universal Design for Learning Guidelines

## Figure B

# Universal Design for Learning DIY Template

1. Cut out figure A
2. Cut out figure B
3. Fasten figure A on top of figure B with a mini round safety pin
